## February 2018 Snack Menu

### NUTRITION NEWS:

#### February is Heart Healthy Month!

The heart is one of the most important organs in the body, on average beating 60-100 times per minute, so it's important to keep it healthy! Eating well-balanced meals that include a combination of whole grains, lean proteins, fruits, vegetables, and low-fat dairy will help keep your heart healthy! Physical activity is also important because it helps lower blood pressure and helps our bodies control stress. Set a goal to be physically active at least 60 minutes per day!
