January 2018 Lunch Menu

**NUTRITION NEWS:** It's a new year and time for new healthy goals to be set! One goal may be to eat more vegetables. To succeed at any goal- start with a plan. For example, try to pick up two vegetables of different colors at lunch, such as orange and dark green until you are eating all the colors of the rainbow throughout the week! Aim for the 5 vegetable groups: red/ orange, starchy, legumes, dark green and other (cucumbers, celery etc.). You can try this method with other goals such as exercising more or getting enough sleep. With a goal in mind and simple steps to follow you will be right on track with better health for the year!
